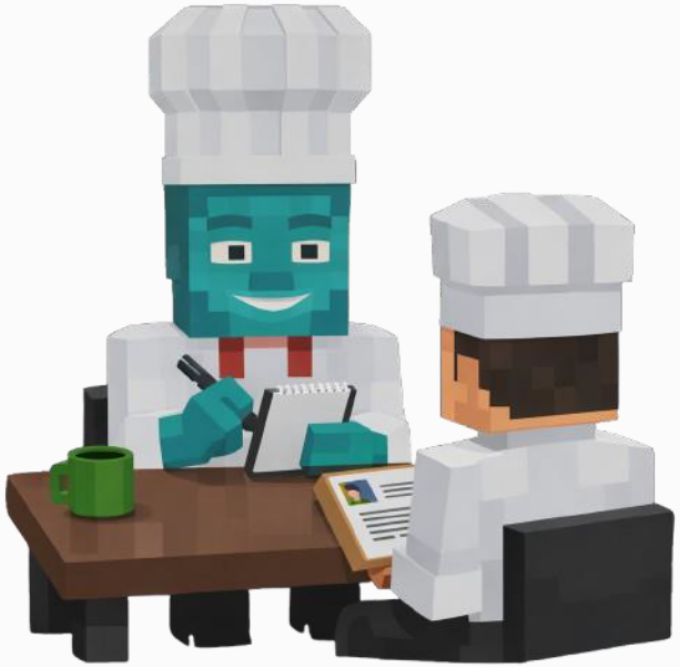
The Data Analyst

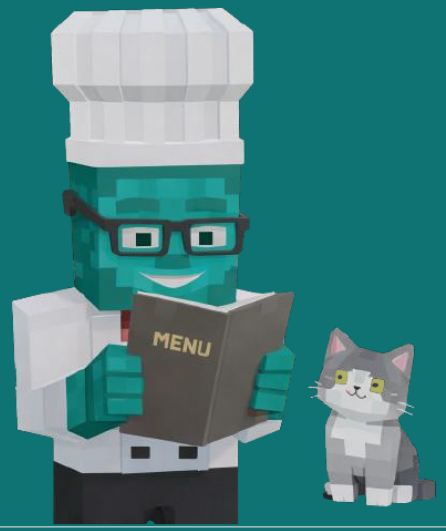
Candidate Assignment



THE DATA COOKS
MASTER CHEFS IN DATA

INTERSPORT®

Purpose



This assignment is designed to give you the opportunity to showcase how you approach an actual data challenge. We are interested not only in your analytical skills, but also in your creativity, critical thinking, and how you structure and communicate your work. **We value your reasoning, application, and clarity of insights**.

Use this assignment to demonstrate how you turn data into meaningful, actionable insights.

Sales Dashboard

Assignment

1. Create an executive overview.
    - Think of LY Data, vs Target, Time Intelligence
2. Create a report page focused on products.
    - Think of bestsellers, slow movers, images
3. Create a store performance page.
    - Think of key elements
4. Are there any trends or outliers and how would you visualize this?
5. How do you evaluate technical performance?
    - Show this in your work
6. What actions should the stakeholder take based on the data from your dashboard?

Submission

Once you're convinced you've completed the assignment, please prepare and send us your Power BI dashboard. The answers to the questions you can explain during your next interview with us.

If you have any other comments or feedback regarding the dataset, please share them. This will support the improvement of our candidate assignment in the future.
